About Low Sugar Treats

Our low-sugar options are for those allergic to cane sugar or looking for a way to reduce sugar in their desserts. If you have Diabetes, there are many different aspects to consider. Wheat and dairy convert to sugar in your system making cake and cheesecake options very limited. Cooked carrots are pure sugar to your body as well.

The best choice is pie. It's delicious and low in sugar naturally. But if you prefer cake, this is our Baker's favorite, regardless of it being low sugar. It is rich, satisfying, naturally vegan and great gluten free.
